## EDITED REGISTER OF ELECTORS

Being the register compiled in relation to the annual canvass conducted in terms of Section 10 of the Representation of the People Act 1983 having a reference date of 15<sup>th</sup> October 2003 and published on the latest day appointed under Section 13(1) (a) of the Act.

NOTE The date printed immediately before an elector's name indicates that the elector reaches voting age on, and will be able to vote at elections held on or after that day. Thus, a marking 16/01/04 means that the elector will be able to vote at elections held on or after 16<sup>th</sup> January 2004.

- E - Printed before an elector's name indicates that the elector is an **overseas elector**, who is also a **Peer or Peeress** and is eligible to vote in respect of that entry at **EUROPEAN PARLIAMENTARY** elections only.
- F - Printed before an elector's name indicates that the elector is an **overseas elector**, and is eligible to vote in respect of that entry at **EUROPEAN PARLIAMENTARY** and **UNITED KINGDOM PARLIAMENTARY** elections only.
- G - Printed before an elector's name indicates that the elector is a **European Union Citizen** and is eligible to vote in respect of that entry at **LOCAL GOVERNMENT** and **SCOTTISH PARLIAMENTARY** elections only.
- K - Printed before an elector's name indicates that the elector is a **European Union Citizen** and is eligible to vote in respect of that entry at **LOCAL GOVERNMENT**, **SCOTTISH PARLIAMENTARY** and **EUROPEAN PARLIAMENTARY** elections only.
- L - Printed before an elector's name indicates that the elector is a **Peer or Peeress** and is eligible to vote in respect of that entry at **LOCAL GOVERNMENT**, **SCOTTISH PARLIAMENTARY** and **EUROPEAN PARLIAMENTARY** elections only.
- y - Printed before an elector's name indicates that the elector is a **citizen of one of the States expected to accede to the European Union** and is **NOT ENTITLED TO VOTE UNTIL 1<sup>ST</sup> MAY 2004**. The additional markers **G** and **K** have the same meaning for these electors as is described above.
